AIPHONE JO-1MDW

Whether it's a delivery, a child's play date, or an unexpected visitor, you can easily see and speak with your guests.

Depend on Aiphone at your house or rental

- Instant call-in from a visitor allows you to determine intent *before* unlocking the door*
- Large 7" touchscreen provides crisp, clear detail of your caller
- Hardwired station ensures calls will not be missed at home, even when internet is down or slow
- Built-in memory stores up to 10 recordings for later reference
- Adding a microSD™ card expands memory without recurring fees
- Provides power to video door station – *no batteries needed*

*Third-party lock hardware is required to unlock the door from the master station or mobile app.

Stylish for Any Décor

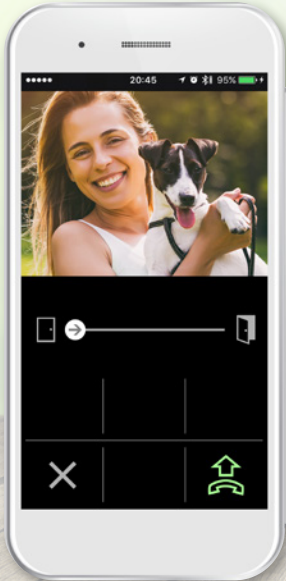

Security, convenience, and timeless style all rolled into one aesthetic station. The sleek, contemporary design complements today's home interiors.

or with the convenience of a mobile app.

The JO Series Mobile App provides the ability to remotely unlock the door for your cleaning service, dog walker, or anyone who forgot their key.

Perfect for Home Offices

With clear audio and video, it's easy and convenient to identify and communicate with visitors while working from home.

Answer your visitor offsite

- See and speak with visitors from virtually anywhere
- Prevent accidental unlocking with in-app slider
- Monitor your front door anytime, from any location
- Zoom in and out for greater detail
- Get convenience and safety – *even on the go!*
- Download from Google Play™ or App StoreSM

Google Play is a trademark of Google Inc. App Store is a service mark of Apple Inc.

Mobile App for Off-Site Control

With a smartphone or tablet, a visitor's intent can be determined before unlocking the door – from anywhere.

Get More Bang for Your Buck

When Aiphone is your security communication provider, you get more than just an intercom.

Trusted Brand for 50 Years

Since 1970, Aiphone has been the leading intercom manufacturer in all of North America.

Far from a start-up, our organization continues to impress customers with innovative technologies and continued intercom enhancements for home and office communication.

Reputation for Award-Winning Quality

ISO 9001:2015 Certified Intercom Manufacturer

The International Standards Organization (ISO) 9001:2015 certification is a globally-recognized mark of quality in product design and development, production, inspection, and testing. Aiphone has received this world-renowned certification since the year 2000.

Prestigious Deming Prize Award-Winner

The Union of Japanese Scientists and Engineers awards the exclusive Deming Prize to a handful of companies who wow them with total quality management. Aiphone is proud to be a rare, two-time winner of the prestigious Deming Prize for quality management and manufacturing processes.

Freakish Reliability Protects Your Investment

Our products are known for extreme longevity. When it comes time to replace an existing system, the reason is typically because clients need to grow or add a feature set, not because of failing components.

With this unmatched reliability, you can be confident any Aiphone system will be around and functioning for years to come.

Local Service & Outstanding Support

Whether you need guidance with system selection or support to answer questions, we are here for you before, during, and after the sale. Our commitment to your satisfaction is equivalent to our commitment to supply quality products. Second to none.

Not quite sure if Aiphone has the right security solution for your home? We recommend trying *before* buying. With our free product demonstrations, we can present at a location convenient to you.
